Mission Statement

Forever Families Through Adoption, Inc. (FFTA) is a non-profit adoption placement agency and resource center founded and staffed by social workers, attorneys, adoptees and adoptive parents with the belief that every child eligible for permanent adoption, regardless of racial or ethnic background, or physical, or emotional challenge, has the right to grow up in a loving, nurturing, secure, and forever home.

Inspired by our experience and many years of service in child welfare, the adoption field and community, it is this agency's goal to unite children in need with their forever families and to help keep "harder to place" children out of the state system through permanent and loving domestic adoption. Foster 2 Forever (F2F) and FFTA are committed to helping children already "freed for adoption" still living within the state foster care system find their loving and forever home.

FFTA seeks to educate the community about adoption and related parenting issues, and to promote a positive experience for everyone involved through the counseling, education and support we provide to our clients and community.

FFTA is committed to treating all persons with respect, dignity and compassion and welcomes all families regardless of race, religion, gender identity, gender expression, sexual orientation, marital status, age, nationality or disability.

FFTA will ensure, to the best of our ability, that the dream of building and maintaining families through adoption becomes a reality.
